

Pharmacy Residents 2025-2026

Mary Catherine Miller of Byhalia Mississippi, graduated with a Bachelors of Science in Pharmaceutical Sciences from the University of Mississippi in 2022. She went on to earn her Doctorate of Pharmacy in May 2025 from the University of Mississippi School of Pharmacy. While in pharmacy school, Mary Catherine was an active member in pharmacy organizations, for which she served as Secretary and Vice President for Kappa Epsilon and Co-Chair for Operation Substance Use Disorders for APhA-ASP. Her pharmacy interests include medication safety and internal medicine. She enjoys traveling, scuba diving and spending time with family, her dog, and her friends. As a PGY-1 resident at Unity Health, she hopes to become a confident clinical pharmacist who works diligently within an interprofessional team to improve patient care.

Morgan Ware grew up in El Dorado, Arkansas. She received her Bachelor of Science in Chemistry from Arkansas Tech University in Russellville, Arkansas. She then earned her Doctor of Pharmacy from the University of Arkansas for Medical Sciences in May of 2025. While in pharmacy school Morgan was an active member and served on the executive boards in a number of organizations including Rho Chi Honor Society, Kappa Psi and SNPhA. She also served a student ambassador for the UAMS College of Pharmacy. Her current pharmacy interests include oncology, academia and adult psychiatry. Her interests outside of pharmacy include painting and creating art, spending time with family and friends, and spoiling her pet dog Hamlet. As a PGY-1 pharmacy resident at Unity Health, Morgan wishes to take advantage of every opportunity to grow in confidence and knowledge, so that she may provide optimal care as a member of a clinical practice team.

Sydney Pell grew up in Mesquite, Texas. She earned a Bachelors of Science in Health Sciences from Harding University in Searcy in 2021. She then attended Harding University College of Pharmacy where she was in the first class of a new three and a half year program and earned a Doctor of Pharmacy degree in December of 2024. While in pharmacy school, Sydney was active in many student organizations, including holding positions as president of the Rho Chi honor society and Vice President of Communications of the American Pharmacist Association - Academy of Student Pharmacists. Her pharmacy interests include infectious diseases and neonatal intensive care. Her personal interests include spending quality time with God, her family, and friends. She loves being active and playing pickleball with her husband, while also enjoying a cozy night in, watching shows, and eating yummy food. As a PGY-1 pharmacy resident at Unity Health she hopes to grow into a confident clinical pharmacist, who provides quality and compassionate patient care to the community.

Tray Rawls is originally from McComb, Mississippi. He began his academic career at Northwest Mississippi Community College in Southaven, where he earned his Associate of Science degree with a focus in pre-pharmacy. He later attended the University of Tennessee Health Science Center College of Pharmacy, earning his Doctor of Pharmacy degree in 2025. During pharmacy school, Tray served as a Member-at-Large for the Tennessee Pharmacists Association, where he actively advocated for the advancement of the pharmacy profession. While in pharmacy school, he was an active member of multiple professional organizations, including the American Society of Health-System Pharmacists (ASHP), Student National Pharmaceutical Association (SNPhA), Industry Pharmacists Organization (IPhO), Tennessee Pharmacists Association (TPA), and Kappa Psi Pharmaceutical Fraternity. His pharmacy interests include emergency medicine, ambulatory care, and infectious diseases. Outside of pharmacy, Tray enjoys golfing, spending time outdoors, and being with friends and family. As a PGY-1 pharmacy resident at Unity Health, Tray is committed to expanding his clinical knowledge and developing into a confident well-rounded clinical pharmacist dedicated to optimizing patient care.
